

HMAC Functions

```
graph LR; A[Cryptographic Digest Algorithms] --> B[HMAC Functions]
```

The diagram consists of two rectangular boxes. The box on the left is white with a black border and contains the text 'HMAC Functions'. The box on the right is gray with a black border and contains the text 'Cryptographic Digest Algorithms' on two lines. A black arrow points from the right side of the gray box to the left side of the white box, indicating that cryptographic digest algorithms are used in HMAC functions.
